## Procedure Trays

In addition to offering a wide array of stock trays for Pain Management as well as Diagnostic and Radiology procedures, Integra Pain Management will also support your kit needs.

Each kit is designed and built with the components you require thus improving efficiencies and patient care. We have an extensive inventory of components to build procedural trays in virtually any combination.

## Benefits of Our Program

- Trays take only eight weeks from the date of order or the completion of a Service Agreement.
- Quick turn around - We are able to provide a quote within 48 hours; ship a non-sterile prototype tray within 3-5 working days; and ship samples of finished sterile product within 3 to 4 weeks. Our lead time to deliver production orders after receipt of order is 8 weeks.
- Only a low minimum order quantity required.
- Flexibility to change components as your needs change!

For further information, obtain a competitive price quote or request a sample, please contact Integra Pain Management at 800-241-2210.
